

Intuition: The Primary Course

To enroll, visit www.intuitioncenter.com/ecourse-primary.php

Course Outline:

The following is an overview of the course. Due to the nature of the course, the precise sequence may vary and there may be minor changes in some of the topics, but the overall structure is unlikely to change dramatically. In addition to the outline, there is ongoing work using a blog, a database, forum and glossary, all of which is intended to keep you alert to your intuitive skills and how to develop them.

1. Introduction to the Course

- a) How to use it
- b) The elements of the course and how to use them
- c) How the assessment works

2. You and your intuition

- a) Understanding your intuitive skills
- b) Identifying your strengths

3. Getting to know more about intuition

- a) History of intuition
- b) Testing yourself and your intuitive abilities
- c) Reflection on your abilities

4. Delving into intuition more deeply

- a) Looking at how others use their intuition
- b) Assessing similarities and differences

5. Developing your own intuition

- a) Techniques
- b) Visualization
- c) Choosing at least one of the following modules to concentrate on:
 - i. Dowsing
 - ii. Tarot
 - iii. Animal Communication
 - iv. Remote Viewing
 - v. Intuitive sensing
- d) Certification
